This week's volunteer opportunities

Good morning Prince William!
It's not too late to register with the super kids at the Joe 15 Team for their sixth annual blood drive this Saturday, Jan. 26, at Manassas Church of the Brethren from 9 a.m. to 3 p.m. Please email Debbie at: debD509@aol.com to schedule your appointment. Besides giving the gift of life you are helping these terrific kids with their service and philanthropy mission.

CALL TO ACTION

Mary Foley
Volunteer Prince William

It's time to visit our new Volunteer Prince William website to sign up for two fun projects in February. The first one is participating in the community of readers program at Ronald Reagan Middle School. Volunteers share how their profession utilizes reading to do their job. This position is open for the entire month of February.

The second opportunity is Linus in Candyland at Leesylvania State Park on Saturday, Feb. 9, from 11 a.m. to 3 p.m. Bring your favorite candy, pair of scissors and some fun fleece to make blankets for children. It doesn't get any more fun. Please look at both of these events at volunteerprincewilliam.org.

Special Olympics invites all very brave souls to the 2013 Tim's Rivershore Polar Plunge to support all their wonderful sports and other activities. This event is March 2. You can simply put your toes in the water or certainly do the full jump in!

All plungers are required to raise \$100 from your friends and colleagues but the more you raise the, more fun gear you get. The top individual fundraiser will win two roundtrip tickets on JetBlue Airlines! Please register today and create your personal fundraising page in just a few easy steps. Please visit firstgiving.com/polarplungeva.

Gov. McDonnell cordially invites nominations for the 2013 Governor's Volunteerism and Community Service Awards. This is a super way to share your volunteer's accomplishments with the entire Commonwealth. The deadline for nominations is Feb. 11. Please visit vaservice.org

Also, the Points of Light Foundation awards the Daily Points of Light Award to volunteers from across the country each week. If selected your nominee will join an esteemed group of volunteers and receive a certificate signed by President George H.W. Bush #41 honoring their achievement. Please visit: archive.pointsoflight.org/recognition.

With winter weather upon us, remember to prepare for sleet, snow, and power outages as well as all types of emergencies. Please visit www.pwc.gov/pwcan to sign-up for emergency alerts from Prince William County.

If you are looking for other opportunities, please don't forget to call my wonderful team at Volunteer Prince William. Coleen can help you with the Retired and Senior Volunteer (RSVP) opportunities at 703-369-5292 ext. 207.

Shelley can help with any individual or group project and send you weekly updates if you'd like. Shelley is at 703-369-5292 ext. 201, and Bonnie can help you with all the other many opportunities available in disaster preparedness at 703-369-5292 ext. 202.

Please visit our newly revamped website at www.volunteerprincewilliam.org. From the bottom of my heart, thanks so much for all you do in our community.

LETTER Switch school start times

My name is Christian Rector I am a senior at Osbourn Park High School and a member of Boy Scout Troop 1352 of the Occoquan District.

The purpose of this email is to discuss the issue of high school and elementary school start times. I believe that the two times that the schools start should be switched. As of right now Prince William County high schools morning bells ring at 7:30 in the morning, while the elementary schools start at 8:45 or even 9:00 a.m.

I find this a complete mismanagement of time. High schools should be starting at the later time. Teenagers have a tremendous workload put onto them as they prepare for college, and this, coupled with sports, homework and even part time jobs, can cause them to stay up until the late hours of the night.

The recommended nine hours of sleep turns into five or even less hours. The result is hundreds of sleep deprived zombies stumbling into school with coffee in hand to prevent them from sleeping in class. Those extra couple hours might not seem like much but that little amount of time is a lifesaver.
